

DHEA

Product No. 7733

Ingredients: Each capsule contains - DHEA 25 mg.,

Bioperine® 2.5 mg.

Size: 60

DHEA (dehydroepiandrosterone) is a hormone produced in the adrenal glands. Our body converts this "pro-hormone" into estrogen, progesterone, cortisone, testosterone, and all other sex and steroid hormones. DHEA levels in the body drop as you age, usually after the age of 25.

Bioperine® is a patented product, which has been shown to increase the absorption and/or bioavailability by 50% or more when combined with DHEA.

DHEA can play an important role in:

- Anti-aging treatments
- Improving Cardiovascular Health
- Improving Immunity
- Improving Memory retention
- Treating Obesity
