Product No. 8010

Other Ingredients: Capsule shell (gelatin and water), stearic acid (vegetable source) and magnesium stearate (vegetable source).

Size: 30 Packs

Women's Pro Multi Health (Pro Multi Vita/Minerals & antioxidants)-is a female pro multivitamin and antioxidant formulated specifically to provide multiple nutrients to support healthy female endocrine function. It is a glandular free version with DHEA (Dehydroepiandrosterone) a natural steroid hormone produced from cholesterol by the adrenal glands. It is chemically similar to testosterone and estrogen, and is easily converted into those hormones. DHEA declines with age thus, many health concerns which correlate with age may also correlate with low levels of DHEA production.

Dosage: One (1) packet each day after 2pm as a dietary supplement or as otherwise directed by a healthcare professional.
